

## Add a shortcut launch link to your PC's desktop

- 1 Open your computer, go to the ScriptSure website: <https://us.scriptsure.com/#/login>
- 2 After the page loads for ScriptSure login, touch the overflow button (three vertical dots) and select More Tools then Create Shortcut
- 3 Confirm the name and click Create.
- 4 You will now have an icon on your desktop to launch ScriptSure.

## Add a launch link on **Apple Device/iOS**

- 1 Open Safari on the Apple device and go to the ScriptSure website: <https://us.scriptsure.com/#/login>
- 2 After the page loads for ScriptSure login, click the Up arrow at the bottom of the Screen and swipe right until you see **Add to Home Screen**
- 3 Confirm by clicking **Add** in the top right corner.
- 4 You will now have an icon on your Apple device desktop to launch. Note: you may need to scroll to see the added icon on your desktop

### Screenshots:

## Add a launch link on **Android** Device or if using Chrome Browser

- 1 Open Chrome on the device and go to <https://us.scriptsure.com/#/login>
- 2 After the page loads for ScriptSure login, touch the overflow button (three vertical dots) and select **Add to Home Screen**
- 3 Confirm by clicking **Add** button.
- 4 You will now have an icon on your Android device desktop to launch. Note: you may need to scroll to see the added icon on your desktop
